"MAKE HAY WHILE THE SUN SHINES."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so likely to follow. So it should be with every household. Dysentery, diarrhoea and cramp colic may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. Encourage Beer-Drinking And You Promote "Temperance"

Strange as it may seem to some people, this is true. In the past fifty years the cause of temperance has flourished as evinced by general statistics. These same statistics show a great decrease in the sale of distilled liquors and a corresponding increase in the sale of beer. Seven people are drinking it today where only one person drank it fifty years ago. This goes to prove that beer is a good, normal stimulant—not an intoxicant, a poison. And the best beer, the finest tonic is
